

DBHDS: Office of Community Housing and VOCAL present:

WRAP[®] for Housing

Housing is essential to health and well-being.

**WRAP[®] for Housing,
a one-day workshop, will include discussions of:**

Definitions of terms and existing services,
tools and strategies to navigate housing options, and
interview guides to help determine a person's needs, wants,
and assets in relation to housing options.

The values of wellness and recovery such as
self-empowerment, self-awareness, choice, and personal
responsibility, will be incorporated and highlighted
throughout the workshop.

This training is designed to prepare participants to support another person while
they think through what they want and need in housing.

Contact Megan Sharkey at (804) 343.1777 or megan@vocalvirginia.org for
information on upcoming trainings.
